McLEAN PROJECT FOR THE ARTS

news and events – spring/summer 2008

## Letter from the Chair

Where were you October 14, 2007? I hope you were one of the 3,000 attendees at the first ever MPA artfest, or maybe you were one of our 200 volunteers. All who participated in artfest and gloried in that gorgeous fall day and the success of our artists and performers noticed how the circular playground in the center of the park, bustling with children and families, became the hub of the festival. Children and parents moved back and forth from the playground to the artist and activity tents, food vendors and performances at the gazebo.

What a perfect metaphor for MPA itself. MPA has become the hub for the visual arts in McLean with year round exhibitions, youth art shows, art classes with Corcoran faculty, docent led tours, an annual community art fair, lectures, art education support for under-served children

in special needs programs and many special events in the galleries. In the month of February alone, more than a thousand Fairfax County students visited the galleries for tours of "Personal Geometry," bringing art alive for yet another generation of county residents.

There are so many ways to get involved with MPA. Join us for the annual Spring Benefit. Visit the gallery and listen to our new audio tour. Volunteer for MPA artfest. Become an ArtReach docent. Come to exhibition openings and meet the artists. Take an art class. Bring a friend to the gallery for a Tea & Tour or Art Appetizers event. Visit a museum with other art lovers on one of our tours. The possibilities are boundless!

So where will you be October 5? I hope to see you at MPA artfest 2008!

Suzie Bissell  
Chair  
MPA Board of Directors

## Volunteer Focus

Meet Lori Wiseman, the face behind the MPAartfest logo. The request seemed simple enough. Come up with a logo to represent McLean's new art festival, even before it had a name. McLean artist and MPA Board Member Lori Wiseman went to her sketch pad and watercolors and swiftly created a modern take on autumnal trees that now beautifully represents MPAartfest. Like all of MPA's incredible volunteers, Lori does

professional work for MPA for no pay. With a background in architectural design, she also has her own business, "Lori Wiseman Design," providing high quality graphic design services. With one child at home and one in college, Lori has still managed to contribute years of time and expertise to MPA, serving on the Board of Directors since 2001.

The mission of the McLean Project for the Arts is to exhibit the work of emerging and established artists from the mid-Atlantic region; to promote public awareness and understanding of the concepts of contemporary art; and to offer instruction and education in the visual arts.
