 **McLEAN PROJECT FOR THE ARTS**

**50**

Founded in 1962

Dear Friends,

**McLean Project for the Arts is turning 50!** MPA was founded in 1962 (first as Emerson Gallery) when a small group of McLean residents formed to bring the latest in cutting edge contemporary art from the city out to the suburbs. Their early vision blossomed over the decades into one of the premiere exhibition and arts education spaces of the Washington DC metro area.

**Join MPA as we celebrate 50 years of excellence.** We've planned a year-long celebration kicking off with a retro Pop Up party in February, a Painting in the Park birthday party, an extra special Spring Benefit at historic Salona and more!

**Partner with MPA to ensure its continued success in the future.** Your participation will help MPA maintain its excellence in exhibitions, continue to provide MPA's innovative education programs, make capital improvements to MPA's galleries and studio, and keep MPA's technology on the cutting edge.

**We can't do it without you.** Less than 10% of our funding comes from government grants, channeled through the Virginia Commission for the Arts and the Arts Council of Fairfax County. As a non-profit, MPA raises most of its operating funds from individuals, corporations, and foundations. More than 75% of every dollar raised by MPA supports our programs and exhibitions.

Thank you for your support!

Chair, MPA Board of Directors
